PERSEN 

Liebe Lehrerinnen und Lehrer, liebe Eltern und Kinder,

die Corona-Pandemie stellt uns alle vor große Herausforderungen: Die Lehrkräfte unter Ihnen müssen Ihren Unterricht so organisieren, dass Ihre Schüler zu Hause lernen können. Sie als Eltern müssen dafür Sorge tragen, dass Ihre Kinder die Lerninhalte wiederholen und festigen und ihnen gleichzeitig Spaß und Abwechslung bieten, welche sie sonst durch Verabredungen mit Freunden erhalten. Und ihr Kinder, ihr müsst eure Eltern und Lehrkräfte durch viel Disziplin und Selbstständigkeit dabei unterstützen!

Neben der Festigung von Lerninhalten in den Fächern Mathematik, Deutsch, Englisch oder Biologie, ist es gerade in der jetzigen Zeit außerdem sehr wichtig, sich ausreichend zu bewegen, kreativ zu betätigen und durch kleine Spiele für zwischendurch die Stimmung aufzubessern! Sonst fällt so manch einem die Decke auf den Kopf!

Unsere Materialien haben einen hohen Motivationsfaktor und sollen Ihnen und euch dabei helfen, Spaß und Spannung in den Alltag zu bringen!

Wir wünschen viel Freude damit! Bleiben Sie fit und vor allem gesund!

Ihr Redaktionsteam Sekundarstufe

## Going to High School

If you are an exchange student in America, you usually go to private day schools, also called Independent Schools. There you have to pay "tuition fees" between \$5,000 and \$25,000 per annum. In the USA everyone goes to High School after Elementary School (8<sup>th</sup> year) because there is no system like the German "Haupt-, Real- or Gesamtschule and

Gymnasium". In America there are no grades from 1 to 6 like in Germany. Usually students get graded in percent (0%–100%). There are two types of grades, regular/daily grades und major grades. You usually get a regular grade for homework, worksheets and minor tests. For major tests and projects you get a major grade. Major grades are more important, they count 60% at the end of a term, but daily grades only count 40%. Students receive a report every six weeks because every term is about 3 × 6 weeks. At the end of a term there are "Final Exams". They check up the topics of the year. In some subjects your materials are graded, too – but that is just like in Germany. Students usually don't get grades for oral participation, so most students rather take a nap during their periods. If you miss a test or forget to do your homework, you have to hand them in as a "make-up work". If you don't hand them in, you get a 0/100%! I usually started school at 8 a.m. I had six hours of periods and 45 min. lunch break. At most High Schools the teachers have got their own room and depending on the size of the school you only have little time to change rooms between different classes (sometimes I only had 3 minutes). My school day ended at 3 p.m. Lunch was after the 5<sup>th</sup> period. At lunch time you can eat in a cafeteria or you may leave the school premises to eat at home or at a fast food restaurant.

If you are late after a break or after changing your classroom, you are "tardy". Most teachers are very serious about this. Students who are tardy have to go to the "tardy table", there they are registered and they receive a piece of paper, a "pass". Only with that pass they are allowed back in the classroom. Before the first period there is a "role check" for all students at a school. The teachers check if everyone is present. They want to make sure, that no one "takes a day off". At my school each student had a little booklet, an "agenda", which worked like a little calendar. If you had to leave the classroom during a period (even if only for the toilet), the teacher had to write this in your agenda: "Toilet 9:55–10:00". There are people at school who check the school grounds during the periods and if they meet you, you have to show them your agenda. If you haven't got your agenda or the permission of a teacher, you have to talk to the principal, which is usually no fun.
